**TAKE NOTICE.**

It is a well-known fact that nine out of ten of all classes of people whose business calling is railroading, where they ride day in and day out, will sooner or later complain of severe pains in their backs. CAUTION! What does this mean? Ask yourself the question. We will answer it for you. Your kidneys are fast becoming diseased, and if you neglect them there is one result—CERTAIN DEATH. We have had many cases, and hold testimonials of railroad men that have taken their trouble in time, and by the use of the greatest vegetable remedy that has ever been introduced in the world, viz: THE GREAT SIERRA KIDNEY AND LIVER CURE, have been cured and their kidneys strengthened to such an extent that they can pursue their vocations without fear. This wonderful remedy is becoming daily the most popular of any kidney and liver cure that ever has existed. Give it one trial and you will send to us a testimonial to add to our large and fast-increasing list. For sale by all druggists.

## THE TARIFF BILL.

Its Leading Provisions Explained.

### GOLD DISCOVERY IN IRELAND.

Major Wissman's Victory in East Africa.

Marriage of Governor Toole, of Montana.

### Tariff Debate.

WASHINGTON, May 7.—The House has begun the debate on the tariff bill, Payson of Illinois occupying the chair. The Committee on Elections reported on the Alabama contested election case of McDuffie vs. Turpin, in favor of the claim of the contestant. Ordered printed.

McKinley of Ohio moved to go into Committee of the Whole for the consideration of the tariff bill. McKinley said he hoped to close the debate by Saturday evening.

Mills of Texas protested against the short time allowed for debate.

McKinley's motion was agreed to, and the House went into Committee of the Whole. McKinley then took the floor in support of the bill. He said the result of the last political campaign, the majority in this House and the presence of Harrison in the Presidential chair, meant that a revision of the tariff is demanded by the people; that the revision should be along the line and in full recognition of the principle and purposes of protection. [Applause.]

The bill presented was in full continuation of the policy of a protective tariff bill, and does not abolish the internal revenue tax, as the committee had found its abolition unnecessary. The bill recommends the abolition of all special taxes and a reduction of the tax on tobacco and snuff, and removed the restrictions upon the growers of tobacco. With these exceptions the internal revenue law stood as at present. This reduced internal taxation over ten million dollars. The bill also liberalized the drawbacks on imported raw materials which is exported after manufacture. The present law allows a 90 per cent. drawback, but the new law would allow 99 per cent. This disposed of the free raw material question.

### Methodist General Conference.

St. Louis, May 7.—This morning the Quadriennial General Conference of the Methodist Episcopal Church began. Forty Conferences were reported, including, besides the Southern States, Colorado, California, Montana, Oregon, Brazil and Mexico.

The morning session was devoted to addresses of welcome and the Bishop's address.

### Will Resign.

PITTSBURG, May 7.—On the way to Des Moines, Iowa, this morning to attend the funeral of his father, Assistant Postmaster-General Clarkson said he had definitely decided to leave the postal service in July.

### An Embezzler on Trial.

NEW YORK, May 7.—The trial of Peter J. Classen, ex-President of the Sixth National Bank, for embezzling the securities of the bank, began today in the United States Circuit Court.

### Reported Gold Discovery.

DUBLIN, May 7.—The Irish Times says a rich gold mine has been discovered at Dunnod, in the western part of County Cork.

### Another Fire.

LONGUE POINT (Quebec), May 7.—The laundry of the Insane Asylum, in which 200 patients were housed during the night, caught fire this afternoon. The lunatics were being removed when the fire broke out, and all are safe on the outside.

It is yet a matter of speculation as to the number of dead, but it is generally believed that it cannot be fewer than 100 and is perhaps nearly double that. The only names of the victims known are: Two sisters named Gravel, Sister Boutellier, Sister Lumine, Sister Victoria McNichols, Sister Lahaie of the Sacred Heart Convent, Mrs. Kelly of Montreal, Mrs. Williams of Halifax, Bridget Malone of Montreal, Miss Latour of Montreal, Miss Latour of Montreal, Miss Scullen and Miss Theriot of Montreal. The missing are Victoria Beaudry, Augustine Laroux, Camille Marchmont, Delphine Archambault, Marie Sidenis, Eli St. Louis and Christine Demais.

### Likely to Perish.

BONHAM (Tex.), May 6.—A few days ago parties from White Wright, in Grayson county, and Savoy, in this county, went hunting and fishing in the Indian Territory. Before they became aware of their perilous position they were surrounded by water, caused by the recent rise, and, being completely cut off from high ground, were compelled to take to trees. They can be heard shouting for help, but no one can reach them. They have been in the trees two days now. A relief party left here today with boats and ropes, but, as Red river is full of driftwood and the current very rapid, it is doubtful if they will succeed in affording help. There is great excitement over the matter, and the chances are ten to one that the entire party will perish.

### The Natives Paralyzed.

ZANZIBAR, May 7.—The expedition under Wissmann, which recently left for Kilwa to attack that place, has been successful. The place was occupied on May 4th, Wissmann's force meeting no opposition. Previous to its occupation the town was bombarded by the German gun-boats, and the natives were paralyzed with fear.

The British subjects who were held in the town by the natives were not injured.

### TELEGRAPHIC BRIEVITIES.

Bar silver, 101.

Two factions of Italians in New Orleans are using each other for pistol practice.

On motion of Senator Vest, the silver bill was taken up in the Senate this afternoon.

The number of lives lost at the insane asylum burned yesterday in Canada is now placed at between 50 and 60.

### HUMBOLDT ITEMS.

No Grass Surplus—Nevada Sheep for the Eastern Market.

The Silver State says: Observing men who have been over the range say the surplus feed this year won't be as great as many suppose. They are of the opinion that it will take two or three wet seasons to get the bunch grass started in the foot-hills, as it was completely eaten out and trampled out during the drought.

Three or four Nevada men were fired upon during the winter and spring Nevada during the winter and spring purchasing sheep to be sent East to be fattened for the Chicago market. They will probably drive 60,000 head from the counties along the railroad, which, with the losses from winter causes, will materially reduce the flocks of Humboldt, Lander and Churchill counties, and relieve the range which has been over crowded.

The Humboldt is well over the bottom now and dams no longer interfere with its flow. The warm weather causes it to rise rapidly.

### A FINE BRIDGE.

Over Which Trains Will Soon Run.

A San Francisco dispatch of May 6th says: The Chronicle's special from Needles, California, says the connection of the Arizona and California wings of the great Centerville bridge were made today and to-morrow the work will be finished and a celebration will be held. Prominent railroad officials are expected from Albuquerque. An excursion train will be run from the west and a number of people are expected. The bridge is said to have the largest unsupported span of any Centerville bridge in the world. It is 500 feet long. The total length of the bridge is 900 feet. Nearly 40,000,000 pounds of steel and iron were used in its construction. Three men were killed and twenty-five injured during the work. By the 10th instant trains will be running regularly on the bridge.

### Lost a Leg.

Dr. Sinclair, who was shot through the left leg by a drunken man at Bridgeport, Mono county, Cal., several months ago, was forced to have the limb amputated between the knee and the thigh to save his life. The doctor, until the unfortunate accident, was an athletic man and is represented as being very dependent over being made a cripple for life.

W. W. Hancey, 221 Sacramento street, San Francisco, says: "A friend cured me of Rheumatism, Dyspepsia and kidney trouble, after other remedies had failed. I used both internally and externally. The genuine and original bear the fac-simile signature of D. F. Faxon. Price 50 cents. Sold by Wm. H. Hancey."

## CLAYTON MURDER.

A Turbulent Scene in Court.

### A FATAL RAILROAD ACCIDENT.

A Fire Causes a Loss of Two Million Dollars.

A Real Estate Agent Charged With Embezzlement.

### The Clayton Murder.

LITTLE ROCK, May 6.—A large number of negroes testified before the investigating committee yesterday that they voted for Clayton for Congress.

This evening, when Mrs. Thomas Hooper had finished her testimony, in which she acknowledged that she was acquainted with Sater, and that her former statement was untrue, counsel Armstrong arose and said: "There have been some foul charges made against the people of Morrilltown and of Conway county by the mouthpiece of Powell Clayton. I desire to enter an appeal for the people of Conway county. I insist that this committee shall subpoena witnesses from among the people of Conway county to refute the charges that have been made by this infamous and vile slander." No sooner had Armstrong uttered these words than Judge McClure sprang from his seat and struck him in the face. The court-room was packed and everybody was on his feet. Colonel W. H. H. Clayton reached for his pistol. "Hold on," cried Powell Clayton, "we don't want any of that." Friends caught hold of Armstrong, who was struggling desperately to get at Judge McClure, and after a short tussle, led him out of the room.

To-day Carroll Armstrong, the Morrilltown lawyer who precipitated the scene of wild confusion before the Congressional committee last night, apologized to the Commonwealth this morning for the language used which precipitated the sensational disturbance while the Clayton inquiry was in progress.

### A \$2,000,000 Fire Loss.

ELIZABETHPORT, N. J., May 7.—The entire west front of the Singer Sewing Machine factory was gutted by last night's fire. The flames worked their way to the main building, cleaning out the stock in the needle finishing, adjusting, inspecting and milling rooms. The pattern department was also destroyed, together with 50,000 finished machines and 18,000,000 needles. The loss is estimated at \$2,000,000, fully insured. All work is suspended and over 3,000 operators are idle. It will be at least two months before work can be resumed.

### A Quiet Marriage.

WASHINGTON, May 7.—The marriage of Lily Rosecrans to Governor Toole of Montana was quietly solemnized at St. Mathen's Church at 11 o'clock today. The wedding was private, with only General Rosecrans and a few intimate friends of the bride present. The Governor and his wife will leave the city this afternoon for a two week's sojourn at the seashore and then go to their home in Montana.

Charged With Embezzlement.

PHILADELPHIA, May 7.—A. Ellwood Lancaster, a young man who carried on the business of a real estate agent at 920 Walnut street, has disappeared, and it is charged that he has embezzled the funds entrusted to him by various parties to invest in real estate. The amount is variously estimated at from \$50,000 to \$70,000.

### Thief Caught.

BUENOS AYRES, May 7.—Grave speculations have been discovered in the Customs Department. The revenue lost by the Government by the embezzlement is estimated at \$10,000,000 annually.

### Fatal Railroad Accident.

ALLENTOWN, May 7.—The morning New Jersey Central express train ran into a Lehigh Valley passenger train in this city. A lady passenger was killed and five or six others injured, but not seriously.

### Advised to Return to Work.

PARIS, May 7.—The member of the Chamber of Deputies for Roubaix has issued a manifesto recommending that the strikers there resume work.

### Returned to Work.

PARIS, May 7.—Fifteen thousand strikers at Lille and Tourcoing have gone back to work.

## LOCAL INTELLIGENCE.

### A GOOD SHOW.

No Voted at Virginia City Last Night.

"Later On" is a very light comedy, says the Virginia City Enterprise, that is ingeniously arranged for a varied specialty exhibition, without the entire abandonment of the chain of relation that is usual with such plays. It would not be interesting reading, but the dialogue is jocular and comical, when illuminated by the gestures and expression of the actors. It abounds in the merriest of music and dancing, both graceful and funny, and although none of the merriest is of the boisterous type, the audience is amused and pleasantly entertained from the rise until the fall of the curtain.

Hallen and Hart are comedians of deserved reputation. They are amusing without apparent effort, and their support is good without exception. The ladies of the company are above the average in good looks, and some of them are remarkably graceful and active dancers. Miss Annie Lewis has a little that makes the spectator look to see her pretty little feet fly off her ankles; but it is a graceful kick, notwithstanding its seeming violence. Her magnificent dancing and agreeable voice will make her a favorite anywhere. Miss Fuller is another of the ladies of the company who created a sensation by her spirited acting and artistic dancing.

It is seldom that the purely absurd comedy does not contain some more or less weak or tiresome features, but "Later On" has little that is not good. It might be different with a poorer company, but with the present cast an audience that goes to laugh and be pleased will find little excuse for criticism.

### FREE COINAGE CONVENTION.

Called to Meet at Carson City on May 20th.

As the member of the National Silver Committee from the State of Nevada, I have been empowered by the National Executive Silver Committee to call a convention of the friends of free coinage whenever the assemblage of such a convention might be deemed expedient, and having been numerously and urgently requested so to do, I hereby invite all who favor Congressional legislation in behalf of free and unlimited coinage to elect delegates to a State Convention, to meet in Carson City on Thursday, May 20, 1890, at 2 o'clock p. m., there to take such action as they may deem expedient.

I suggest as a basis of representation one delegate from each county and one delegate for each two hundred votes and each fraction of one hundred votes or more cast at the last general election. Such apportionment would give to Churchill county, 2 delegates; Douglas, 3; Elko, 8; Esmeralda, 4; Eureka, 6; Humboldt, 5; Lander, 4; Lincoln, 3; Lyon, 5; Nye, 3; Ormsby, 6; Storey, 15; Washoe, 9; White Pine, 4.

I recommend that the people of the different counties assemble at their Court Houses on Saturday, May 24th, at 8 o'clock p. m., there to elect delegates under this call. All members of newspapers favorable to the objects of this call are requested to publish the same.

Thomas F. Frick, Member for Nevada of National Silver Committee, Reno, May 7, 1890.

### BREVITIES.

BETTER THAN GOLD. RESTORED HER HEALTH. For 15 years I suffered from boils, erysipelas and other blood affections, taking during that time great quantities of different medicines without giving me any perceptible relief. Friends induced me to try S. S. S. It improved me from the start, and after taking several bottles, restored my health as far as I could hope for at my age, which is now seventy-five years.

Our Constitution.

It is quite evident that Nevada will have to come down from her high-pressure perch and economize in her governmental affairs. It is the height of absurdity for her to maintain a government sufficient to govern two million people when she has less than sixty thousand. Three good clerks would do all the business transacted in the State Capitol outside of the Surveyor-General's office, and do it easily. The Legislature should be cut down to forty members and called together once in four years instead of two. Our judiciary needs pulling up, root and branch, and remodeled to suit our condition. The trouble is now we are too much governed, and the sooner we realize that fact and take steps to curtail our expenses, the better off we shall be. Our constitution was adopted when twenty-dollar pieces were as plentiful as short bits are now, and when money was not looked upon as hardly worth picking up, and the result was a Governor with a private secretary with nothing to do; a Lieutenant-Governor, which, by the way, is of no more use than a wagon with five wheels; a Controller, with one or two deputies; a State Treasurer with a deputy, who does all the work of his principal; a Secretary of State with another fifth wheel attached to his office, with nothing for either one to do; a Surveyor-General with an office full of clerks; an Attorney-General with nothing to do but draw his salary; a Clerk of the Supreme Court with absolutely no duties to perform; and lastly, the Supreme Judges, who have not had a chance to hardly warm the bench for two years, and the sooner we top off a few of these luxuries the wiser we shall be.

There is but one way that this can be accomplished and that by a constitutional convention, and the people should see to it that one is called at the earliest possible moment. Select our very best men and let them serve without compensation, and we could trust it in their hands to form for us an organic law under which we would prosper and become great. The experience of the last twelve years has not been such as to inspire confidence in the ability of the Legislature to give us relief by amending the constitution, for it has been tried time and again.

A Kleker.

Under the caption of "Where is Fitch," the Silver State contains the following:  
Hon. Thomas Fitch, who, it is conceded, has done more to enlighten the masses in the East on the silver question during the last winter than the two Houses of Congress combined, with the gentlemanly Bartine and the Republican Silver Cause thrown in, is one of the Vice-Presidents of the National Silver Association and as such is authorized to call a silver convention in Nevada. Everything indicates that the time has arrived for Mr. Fitch to exercise that authority.  
Mr. Fitch is in Reno and doing more for the cause of silver to-day than a baker's dozen of Silver States. It is universally known that the people of Nevada are in favor of free coinage, and all the conventions that could be called would not make them more so. If the Silver State is anxious for a petition to be forwarded to Congress, what's the matter with that paper starting it? Why put all the work on Mr. Fitch, who has thus far served the people of the coast without fee or reward? Get in, neighbor, and do a little yourself and not find so much fault with others for what they do. If you are the wise man of the fold, exercise a little of that wisdom and not waste your energy by doing so much growling.

The Salt Lake Tribune closes an editorial on the late Senator Beck as follows:

The death of such a man as he is a loss to any country. It is a particular loss at this time. The weight of his voice and of his character on the side of silver would have been a controlling force just at this present time, if he could have been spared. The people of Kentucky will grieve exceedingly for him, and with a slight tenderness reverence and affection, will lay his remains away to rest, and to them and their children his grave will be a shrine through all the years to come.

In Quitman, Ga., the other day, a German woman gave birth to a child which had a complete set of teeth.

Steady Progress

Has characterized Hood's Sarsaparilla ever since it was placed before the public. Wherever introduced, its sales have grown from year to year, until now it is the most popular and most successful medicine offered. Any druggist will confirm this statement. The secret of this success lies in the fact that Hood's Sarsaparilla is a medicine of merit. It does actually accomplish all that is claimed for it, and when given a fair trial, is reasonably certain to be of benefit.

Positive Statements.

"Since Hood's Sarsaparilla has been in my hands for sale I have had frequent and unreserved testimonials in its favor. Although carrying this preparation for less than one year, my sales have been greater than of any similar preparation, and the testimonials in its favor are at once positive and personally noticeable." A. WRIGHT, Healdsburg, Cal.

Sells On Its Merits.

"My boys say, 'Papa, why don't you buy more of Hood's Sarsaparilla at a time; we are always short.' It sells on its own merits." F. BEAL, Portland, Oregon; the oldest druggist in Oregon.
